

**Student-Athlete Development  
Total Person Program  
Experience Overview**

---

**Organization and Experience Overview:**

The Total Person Program is the Student-Athlete Development department of the Georgia Tech Athletic Association. The Total Person Program educates and empowers student-athletes to be lifelong learners and champions in life through leadership development, career development, total wellness, community outreach and social impact.

Our participants have a passion for helping develop the athlete beyond the competition field. Players involved will serve as mentors to current Georgia Tech student-athletes and help develop their professional skills. Players will also work in close collaboration with multiple departments within Georgia Tech to develop and enhance student-athlete development programming and workshops.
