

# INTERNATIONAL JUSTICE MISSION

International Justice Mission (IJM) is a global organization that partners with local justice systems to end violence against people living in poverty.

Based near Washington, DC, IJM employs lawyers, social workers, community activists and other professionals in 28 countries. We're on a mission to protect 500 million people by 2030. Join us as we:

- Rescue survivors of trafficking and violence and walk with them to restoration
- Bring criminals to justice so they can't abuse or enslave others
- Strengthen justice systems by mentoring and supporting partners to stop the cycle of violence

## Career Experience

The IJM experience provides mentorship and professional development opportunities focused on each participant's strengths, skills, and interests. Players collaborate on projects, join team events, and receive hands-on experience in their area of interest. They also have the opportunity to connect with retired professional athletes who are now on IJM staff.

## Past Experiences

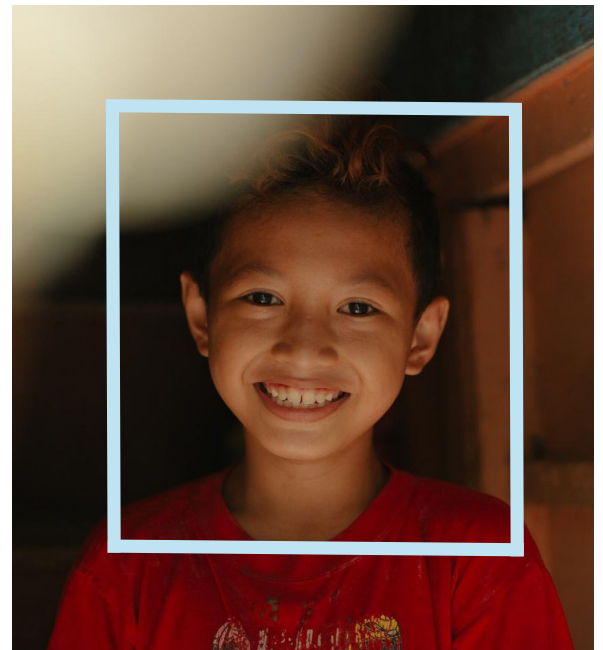

- Personal meetings with IJM's leadership team
- Sit in with the security operations team to learn about IJM's international rescues
- Learn about IJM's casework in different regions of the world
- Touchpoints throughout the experience with an assigned career mentor
- In-person meetings or Zoom calls with members of Congress to discuss anti-trafficking legislation

## Desired Skills and Qualifications

Due to the sensitive nature of IJM's work, NFLPA participants are asked to maintain a high level of confidentiality during their time with us and beyond.

Whatever your career interests or aspirations, we seek applicants who are eager to learn, take initiative, offer their perspective, and collaborate well with others.

Finally, a valued aspect of our community at IJM is the commitment to our daily spiritual rhythms. We are inspired by God's call to love all people and seek justice, and we set time aside each day to pray for the people we serve. We invite all NFL participants to join us in these aspects of our work. For more information on IJM's values and culture, please see our [Careers](#) page.
