

Zebra Technologies

Organization & Experience Overview

Zebra Technologies (NASDAQ: ZBRA) empowers the front line of business in retail/ecommerce, manufacturing, transportation and logistics, healthcare and other industries to achieve a performance edge. With more than 10,000 partners across 100 countries, we deliver industry-tailored, end-to-end solutions that intelligently connect people, assets and data to help our customers make business-critical decisions. Our market-leading solutions elevate the shopping experience, track and manage inventory as well as improve supply chain efficiency and patient care.

Job Description w/Responsibilities & Key Outcomes

The purpose of this experience is to prepare the active players for entry into the business world by providing a thorough understanding of the various functions of the Zebra Technologies organization to include theory and practical application of attained knowledge. Project work will differ in each area depending on business needs. Our program is designed to provide the player with a full experience so that he can fully envision a career with Zebra. He will be positioned for success with training, exposure to all parts of the business, social activities, a professional mentor relationship and development sessions to help him discover his own performance edge!
